

ISLAMIC UNIVERSITY OF TECHNOLOGY(IUT)
Department of Computer Science and Engineering (CSE)
CSE 4604: Software Testing & Quality Assurance Lab
Lab 4

Objective:

- Demonstrate the learning of Junit
- Learning to write test case report on the unit test case
- Able to handle small to medium size project in java for unit testing

Instructions: For Individual,

- Extract the project 'CarRentalSystem', attached with the assignment.
- Go through the Java file to understand the functionality of the system.
- Design and write unit test cases in the Test Case Report. Make it following the template learned in Lab 2.
- Write the appropriate code for unit testing using Junit in **CarRentalSystem\src\test\java**. Structure the junit tests as efficiently as you find fit.
- For junit testing, you can use any of the versions (V4 or V5) at your convenience.

Submissions:

- .java test files
- Test Case Report
